

Hidrotape T

Hydro insulation cuff *Hidrotape T*, is intended for the development of a water pipe tip hydro insulation system. It protects pipe tips against deformation and mechanically reinforces pipe tips. The product is intended for works indoors and outdoors. During the application of *Hidrotape T*, we recommend to use the following: the product *Hidrogrunt* as a primer for the base and the product *Hidroplast* as the flexible seamless hydro insulation material.

HIDROTAPE T 120x120 (min/max pipe Ø 10-30mm)

HIDROTAPE T 150x150 (min/max pipe Ø 30-70mm)

HIDROTAPE T 250x250 (min/max pipe Ø 75-100mm)
